WORSHIP ARTS

We make much of the arts at Celebration!

Whether using creativity in worship, serving in community, or learning new skills in class, the arts are alive at Celebration!

The members of Worship Arts are committed to excellence in worship… worship through dance, music, art, drama, singing and much more. We believe worship is a lifestyle that pours out from a relationship with Jesus. Worship Arts participants gather in education and service, grow in our craft and in Christ, and develop the next generation of worshippers – in our church, community, and throughout the world.
